232 responses

Question 7 to 11 enquires about co-curricular, extracurricular activities and infrastructure facilities provided to students in the institution. Out of 232 students 214 students are satisfied with the facilities provided by the institution.

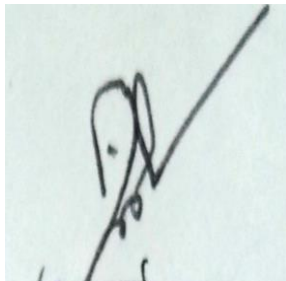

Conclusion and Suggestions

Students are satisfied with teacher's performance and their preparedness in the feedback analysis for the year 2020-21 our analysis team found that it is an important criterion for our institution. up gradation is required in library resources and laboratory the same had been conveyed to the management and steps are being taken such as up gradation and renovation of laboratories are initiated and repair are proposed in the college premise.

Suggestion from students:

1. adequate faculties should be arranged
2. Information related to job should be provided to students.
3. Efforts should be made on communication skill development.
4. Sitting arrangement should be strengthened.

The analysis is done by feedback committee and report is submitted to IQAC.

Action taken report based on feedback from student

SESSION 2020 -21

The feedback from the students is collected by the faculties of various department by Google form and the after analyzing it the feedback committee has submitted its report to IQAC cell based on which the IQAC committee has proposed the following action which were implemented by the college management.

Suggestion: adequate faculties should be arranged

Action proposed by IQAC CELL: More faculties should be appointed through Janbhagidari committee to fulfill the requirement of faculties in the departments.

Action taken: In the first Janbhagidari meeting of the college committee members were suggested to plan appointment procedure for minimizing the problem of less faculty .

Suggestion: Job oriented Information's and ideas for self-employment should be provided to the students.

Action proposed by IQAC CELL: Employment department of the district should be requested to conduct seminar / work shop in the college and various faculties who have understanding of the job market and competitive exams should be encouraged to conduct career guidance lectures in the college.

Action taken: The career Guidance cell of the college was instructed for conducting webinar in the college and in the academic session 2020-21 the college has organized webinar on self-employment opportunities Faculty member of the college who has experience of various competitive exams has been directed by the management to conduct seminar and guide the students in their preparations.

Suggestion: Efforts should be made on enhancing communication skills of the students.

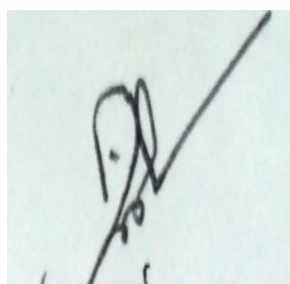

Action proposed by IQAC CELL: The College must organize various events so that students can enhance communication skills and they can come out of the stage fear. Departments should conduct department level seminar timely so that student will get opportunity to communicate and public speaking ability can be developed.

Action taken: The management has directed all the HOD'S in the college to conduct departmental presentations on timely basis so that students are able to communicate effectively. The college will organize competitions based on language skills and Recitation competition, elocution competition, Poetry; debate competitions were organized in the college.

Suggestion: Laboratory and library facility must be upgraded

Action proposed by IQAC CELL: Keeping the fact in mind that majority of the students comes from rural areas and they have very little exposure to Laboratory and library facility upgradation is required.

Action taken: The management has proposed the govt. for renovation and laboratories of Botany, chemistry and physics were renovated. College has taken subscription for NList resources to avail facility to access e journals and e books and resources In the Library.
